Classic and In-Frame Kitchens

At Mulberry Kitchen Studios our aim is to provide the perfect bespoke kitchen that matches both your aspirations and your needs.

With over 45 years' experience we are a family business committed to providing a friendly, welcoming service that has our customers' wishes at heart. We will do everything we can to make sure you are thrilled with your new kitchen and carry on loving it for many years to come.

We know how to translate your practical needs and style preferences into elegant, functional kitchens that are as delightful to cook in as they are for entertaining guests.

We pride ourselves on our ability to create beautiful kitchens in any style, any shape and for a broad range of budgets. To create harmony our expert staff bring a wealth of experience, deep knowledge and attention to detail to every step of the journey, from the designers who translate your ideas into a design to the craftsmen who build and install it.

Everyone involved in your project is a dedicated, experienced professional. Our craftsmen are highly skilled, hailing from backgrounds such as boat building and furniture making. This puts them a cut above the rest and means that you can be certain of the quality of their craftsmanship. All our trades are fully-qualified and experienced people we know and trust.

To complement these skills we only use high quality products. We source and supply premium brand appliances, sinks and taps and offer a wide range of wood, laminate, granite, quartz and acrylic worktops.

Painted island end featuring solid oak slats and an oak end grain butcher block worktop.

NEXT PAGE:
Syre Painted Sea Haar & Winter Blue.

Our beautifully crafted over-range mantel, painted in fired charcoal.

FACING PAGE:
